Financials

Empower your sales force with the right tools to provide the best customer interaction and experience. This is the **perfect Sales Force Automation tool** to provide the salesman with access to important information through an on-line catalogue, price list and order book, thus optimising their closure of sales.

Key Features:

View items catalogue with filtering by Brand, Stock Group and more;

View Pricing according to Client's pricelist;

Create and update Sales Orders;

View **Salesman's Calendar** and write notes about customer visits;

Delivery procedure with confirmation of goods delivered and payment method;

View Client Statements on site and record payments against customer invoices;

Z-Read facility to **reconcile payments recorded by salesman**;

View pending Tasks assigned to Staff Members;

Messaging mechanism with Tagging & linking facilities
